1	B	A	" The Art of Collecting National Heritage : the Letters of <i>Henry Luke White</i> 1910-1913" compiled by Judy White (2007), hardbound with dustjacket, inscribed "Published as a limited edition of 300 copies, of which this is number 250" and signed "Judy White". One of the most enlightening books ever on the psyche of the collector. [<i>HL White's</i> fabulous stamp collection reposes in Sydney's <i>Mitchell Library</i> . His legendary collections of birds eggs & skins are housed in the Museum of Victoria. The dispersal of his library of Australiana titles caused a sensation. For <i>Gary Watson's</i> in-depth review of this important book, please visit our website or request a copy of the review by fax or mail]	100T
