COMMONWEALTH OF AUSTRALIA - Decimal Issues

This section includes the best selection of the ever-popular "Missing Colour" errors that we have ever offered. These are cross-referenced to "Pierron's Modern GB and Commonwealth Missing Colour Errors" (2008), which lists only "totally missing colours". References are made to the results for Sir Gawaine Baillie's errors that were sold at auction in Melbourne in July 2005, generally for stronger prices than were achieved in London for Tom Pierron's errors in December 2009.

Lot 314

314	**	A A1	1966 Birds 15c Galah vertical strip of 3 from the top of the sheet with the <i>Grey Printing (tree branches) Largely Omitted</i> from the first unit, and partly omitted from the other units (the last unit only slightly affected), unmounted. <i>RPSofV Certificate</i> (2011). [This is derived from BW #455cb, a vertical strip of five from which the lower pair - the last unit with the <i>Grey Printing Completely Omitted</i> - has been removed. The ACSC states that only one pane - ten strips of 5 - has been recorded, Cat \$5000 for a strip of 5]	2,000

Lot 315

315	**	A B1	1966 Christmas 4c marginal pair from the right of the sheet with the <i>Olive Printing (Background) Partly Omitted</i> resulting in the <i>Value '4c' being Omitted</i> BW #471cc (SG 407a), unmounted, Cat \$10,000 (£6500+). One of the most spectacular of Australia's "Missing Colour" errors. <i>RPSofV Certificate</i> (2011). [A similar pair in the "Cardinal" Collection sold for \$13,225 at a Sydney auction in June 2002]	10,000

Lot 316

316 ** A A1 **1970-75 Floral Coils 6c** Sturt's Desert Rose vertical strip of 6, units three & four with the *Magenta Printing (Flower Petals) Omitted* BW #534cc (Pierron #936Mcc), unmounted, Cat \$12,000+ (£4000+) for used; unpriced mint. *RPSofV Certificate* (2011). The only recorded mint examples.

[The ACSC states "One example with magenta printing omitted, used on piece cancelled at Sydney, has been recorded." That stamp is *Ex John Sinfield*: sold for \$5750 at our auction of 26/1/2004. The entry continues "This error was previously listed and priced mint, but no evidence has been found for the existence of mint examples." This item proves the existence of mint stamps, and demands their reinstatement in the next edition.
