ETHIOPIA

Stepan Balian, an Armenian, migrated to Ethiopia in 1911 where he became a successful merchant in Harrar and later Dire-Daoua. He was fascinated with the stamps of his adopted homeland, especially the plethora of handstamped overprints & surcharges of the 1920s & 1930s that even today offer collecting & research opportunities at a price point rarely available for more "popular" countries. We are confident that all the material from this source is genuine.
