VICTORIA - Barred Numeral Cancellations

We are pleased to offer the first part of the important collection formed by Max Watson from Melbourne. Considered by many collectors to be second in scale and importance only to Hugh Freeman's holdings, the collection includes many exceedingly rare and exceptional strikes. This is probably the finest and most extensive array of highly-rated strikes ever offered as single lots at public auction. To encourage competition, the estimates are very conservative. NB: A few items offered here are sub-optimal but we believe they are all correctly identified.
