421		VF	COIN WEIGHT: 1614 (square 9.45g brass, 14-15mm) 'I R BRI' bust of James I of England within point circle, reverse 'G D N / 16 [Sword] 14' within circular wreath, VF. [This weight was produced by Guilliam De Neve, a Belgian coinmaker living in Amsterdam and used for the English 20/- (one pound) gold coin; the weight for the one pound coin was supposed to be 10.04 grams whereas this coin weight is only 9.45 grams, presumably due to corrosion.
