VICTORIA - Barred Numeral Cancellations

We are pleased to offer the balance of the important collection formed by Max Watson from Melbourne. The first part of the collection was offered by us on 19.5.2018 and sold extremely well, supported by many collectors in the room. However, it's worth noting that the biggest buyer and the most prominent underbidder were both from the Northern Hemisphere. Clearly the value of such material needs to be re-assessed by local buyers.
