COMMONWEALTH OF AUSTRALIA - Postal Stationery

Lot 125

125 PS A **WRAPPERS - STAMPED TO ORDER:** Queen Mother 1d green + KGV1 2d red ACSC #WS21 for *Nicholas Aspro* (no imprint: see article in *Postal Stationery* Nov 2015), Melbourne cds with illegible date, folds from having been used to wrap a small box, Cat \$1500. A remarkable item, being the only issue of its type. [This is **not** an uprated item. Because there was no KGV1 3d die, *John Ash* resorted to this 'doubleton' expedient. 6000 were supplied in 1938-39. Only a handful of complete wrappers are recorded. It is believed that the package contained pharmaceutical samples. *Mark Diserio's* example sold at the *Prestige* auction of 8.11.2013 for \$2760]

Only one other Australian postal stationery issue has the portraits of two monarchs: the KGV 1d+KGV1 1d green Stamped to Order Envelope ACSC #ES88.
