Lot 1033

1033 **

A B1

ARMY SERVICE STAMPS: 1906-11 'Army/Service' Overprint 5m horizontal strip of three from the U/R of the sheet, the first two units with *Double Overprint One Diagonal* SG A9ab, the second & third units forming a *Variety-Normal* setenant pair, hinged in the margins only, the stamps are unmounted, Cat £700++ for mounted singles. *BPA* (2015) & *RPSofL* (2016) *Certificates*. [Our vendor is of the opinion that this is actually a **triple overprint error**. The diagonal overprint would have been applied first, and was corrected with the normal overprint which is noticeably thicker (compare the two words 'Army' on the first unit), raising the suggestion that it was applied twice in the identical position. Only one pane of 60 is recorded, making this a unique positional piece]
